□ GENERAL PLATFORMS TO MONITOR

Platform	URL	Notes
Internshala	https://internshala.com/internships/computer-science-internship	777+ CS internships listed. Filter by stipend, duration, location.
LinkedIn Jobs	https://www.linkedin.com/jobs/search/?keywords=SDE%20intern&location=India	Set alerts for "SDE intern India"
Wellfound (AngelList)	https://wellfound.com/jobs?role=Internship&location=India	Startup internships
Unstop (formerly D2C)	https://unstop.com/internships	Coding challenges → internship offers
Google Careers	https://www.google.com/about/careers/applications/	Set job alerts for India interns

□ TYPICAL TIMELINE

Month	Activity
Jul–Aug	Companies open intern applications; coding challenges start
Aug–Oct	On-campus tests & interviews at IITs, NITs, BITS
Sep–Nov	Off-campus applications open for most companies
Nov–Jan	Remaining companies close applications
May–Jul	Internship period (summer)

□ TIPS

1. **On-campus vs Off-campus:** Top companies (Google, Microsoft, Amazon, Goldman) primarily hire via on-campus. If your college isn't on their list, apply via career portals and referrals.
2. **Referrals matter:** LinkedIn connect with employees → ask politely for referral.
3. **Competitive programming:** Practice on Codeforces, LeetCode, CodeChef – most companies test DSA heavily.
4. **Projects & open source:** Strong GitHub profile helps, especially for startups.
5. **Code for Good (JPMC):** Free hackathon → direct intern offers. Apply when it opens.
6. **Samsung PRISM:** Open research program for students – apply directly.
7. **Google Summer of Code (GSoC):** Not company-specific but excellent for open-source experience.
