Collab approach: Offer them a free sponsored segment or app review. Many smaller channels (50K-200K subs) are MORE responsive and affordable. Search YouTube for "कृषि", "फार्मिंग", "farming tips hindi" to find more.

5. OTHER PLATFORMS

Reddit

- **r/IndianAgriculture** – <https://www.reddit.com/r/IndianAgriculture/> (small but relevant)
- **r/india** – <https://www.reddit.com/r/india/> (can post agriculture-related content)
- **r/farming** – <https://www.reddit.com/r/farming/> (international, some Indian farmers)
- **r/organic** – <https://www.reddit.com/r/organic/>

Koo App (Indian Twitter alternative)

- Search "kisan", "farming", "agriculture" – many Indian farmers are active here
- More Hindi-friendly than Twitter/X

ShareChat (Popular among rural India)

- **Very high reach in rural India** – Hindi, regional languages
- Search tags: #कृषि #फार्मिंग #agriculture
- **This might be the BEST platform for reaching Indian farmers**

Moj / Josh (Short video apps)

- Popular in rural India – farming content creators exist
- Search farming/kisan hashtags

Kisan Network App

- <https://www.kisannetwork.com/> – direct farmer marketplace
- Potential partnership opportunity

DeHaat

- <https://www.dehaat.com/> – agri-tech platform with farmer network
- Competitor but also potential partner

AgroStar

- <https://www.agrostar.in/> – farmer advisory app
- Competitor – study their community strategy

Government Platforms

- **Kisan Call Center (1800-180-1551)** – can learn about farmer needs
 - **eNAM** – <https://enam.gov.in/> – National Agriculture Market
 - **mKisan Portal** – <https://mkisan.gov.in/>
-

6. POSTING STRATEGY

Best Time to Post

- **Morning 6-8 AM IST** – Farmers check phones before going to fields
- **Evening 7-9 PM IST** – After returning from fields, relaxing time
- **Sunday mornings** – Highest engagement (weekly market day in many areas)
- **Avoid:** 10 AM - 5 PM (farmers are in fields, low phone usage)

▫▫▫▫▫▫ FREE ▫▫
▫
[App Link]

▫▫▫ ▫▫▫ USE ▫▫▫▫ ▫▫▫ ▫

What NOT to Do (Avoid Getting Banned)

1. ▫ **Don't spam** – Never post the same message in multiple groups back-to-back. Admins talk to each other.
2. ▫ **Don't post immediately after joining** – Lurk for 2-3 days, engage with existing posts first.
3. ▫ **Don't use hard-sell language** – "BUY NOW", "BEST APP EVER" = instant ban
4. ▫ **Don't post just links** – Always provide value alongside the link
5. ▫ **Don't ignore group rules** – Read pinned messages, follow admin instructions
6. ▫ **Don't post during inactive hours** – Wasted reach
7. ▫ **Don't argue with critics** – If someone questions the app, respond politely with facts

What TO Do (Growth Strategy)

1. ▫ **Be a helpful member first** – Answer farming questions, share weather updates, THEN occasionally mention the app
2. ▫ **Use voice messages** – Many farmers prefer audio over text (literacy varies)
3. ▫ **Share screenshots** – Show the app interface, mandi prices, weather info
4. ▫ **Get testimonials** – Ask early users to share their experience in groups
5. ▫ **Partner with admins** – DM group admins, offer them something (early access, mention in app)
6. ▫ **Create your own groups** – "Fasal Seva ▫▫▫▫ ▫▫▫▫▫▫" – build your community
7. ▫ **Regional language content** – Hindi is primary but also try Marathi, Punjabi, Telugu, Tamil versions
8. ▫ **ShareChat is underrated** – Most agri-tech startups ignore it, but rural India lives there
9. ▫ **YouTube Shorts in Hindi** – Quick farming tips with Fasal Seva branding → massive reach
10. ▫ **Refer-a-farmer program** – Word of mouth is king in villages

Prioritized Platform Strategy

1. **WhatsApp Groups** – Direct, personal, high trust (START HERE)
2. **ShareChat** – Highest rural penetration, underused by competitors
3. **YouTube Shorts** – Viral potential, Hindi farming content
4. **Facebook Groups** – Large communities, good for detailed posts
5. **Telegram** – Growing, good for broadcast updates
6. **Koo App** – Hindi-first, farmer-friendly
